The Most Features in a Compact Degausser

- Complete erasure of the latest high coercivity hard drives & tape.
- Microprocessor controlled sensors verify power and erasure.
- Process up to 300 drives/tapes per hour all day every day.
- Capable of operating from a standard wall outlet worldwide.
- Portable with Optional MIL SPEC Transport Case.
- The HD-3WXL accomodates a wide variety of tapes and hard drives.
- Independently tested and verified complete erasure of data.

Large Hard Drives

Tape Cartridges
DLT, LTO, 8mm

Laptop Hard Drives

Standard Hard Drives

The HD-3WXL now has an LCD Display to visually provide the user with erase, power and mode verification. Information includes:

- Total Cycles
- Current Job Count
- Erase Status
- Erase Confirmation
- Batch Degaussing

Optional shipping/transportation case: Eliminate the risk of information loss during media transportation. Transport the HD-3WXL degausser directly to the location of your media.

HD-3WXL

Hard Drive & Tape Degausser

The HD-3WXL is the most innovative product in the Garner line of degaussers. The HD-3WXL erases hard drives (laptop, desktop and network up to 1.66" high) and high coercivity tape media, including all formats of LTO (1,2,3,4), SuperDLT I & II, DLT, 9940, 3590, AIT, 8mm and more, all without any adapters. With a continuous duty rating (no cooling necessary) and a 9 second cycle time, large quantities of media can be erased in a very short period of time.

HD-3WXL Operations:

The HD-3WXL is exceptionally user-friendly. Simply slide your media into the slot on the left side of the HD-3WXL and push the "Erase" button. Within a fraction of a second your media is completely erased and after a few seconds will automatically slide out the right side of the HD-3WXL. It just doesn't get any easier than that!

Safeguards:

Built-in safeguards check the stored power and field strength during each erase cycle ensuring complete erasure every time. A field strength indicator on the display as well as a "Erase Complete" message and lighted push buttons report the status of the HD-3WXL to the operator.

Batch Degaussing Mode:

When erasing large quantities of media, the HD-3WXL can be placed in Batch Degaussing Mode. This mode automatically cycles the HD-3WXL eliminating the need for the user to press the "Erase" button each time. The "Batch Mode" is triggered by a sensor in the media entry door. The user simply places the media in the HD-3WXL when the green "Ready" light illuminates. The HD-3WXL will automatically erase the media and release the media down the exit slide.

SPECIFICATIONS	
Power Supply	120V \pm 5%, 50/60 Hz - Standard
Power Consumption	Under standby 0.2A While charging 15.0A < 1 second At the time of ERASE 0.5A
Degausser System	Capacitive Discharge
Duty Cycle	Continuous
Erase Time	9 second repetitive cycle
Magnetic Field	9,000 Oe, .9 Tesla
Certifications	CE, ANSI
Erasing Area Size	1.70 in. (H) x 4.5 in. (W) x 6.75 in. (D)

Government Mandates:

The HD-3WXL will assist you in meeting compliance standards for government mandates requiring complete elimination of sensitive information stored on magnetic media prior to re-use or disposal including:

- **PCI DSS** (Payment Card Industry) Data Security Standard
- **NIST** (National Institute of Standards and Technology) Guidelines for Media Sanitization
- **NIST SP 800-36**
- **NIST SP 800-88**
- **HIPAA** (Health Information Portability and Accountability Act)
- **PIPEDA** (Personal Information Protection and Electronic Documents Act)
- **GLBA** (Gramm-Leach-Bliley Act)
- **California Senate Bill 1386**

Erase Verification Tests:

Hard drives erased with the HD-3WXL have been tested & verified by hard drive manufacturers, information recovery companies, private and governmental forensic laboratories which independently confirmed no data was recoverable.

SPECIFICATIONS	
Media	Hard drives up to 1.66" high including full height, standard and laptop drives, tape cartridges including DLT, LTO, 3590, 8mm and more.
Temperature	41°F - 104°F (5°C - 40°C)
Humidity	10%H - 40%H (without condensation)
Weight	HD-3WXL: 66 lbs. (25 Kg) Shipping: 95 lbs. (37.64 Kg)
Size	L x W x H inches. 12.25 x 13.125 x 18.75 in. (w/o slide) 12.25 x 22.625 x 18.75 (w/slide)
Warranty	1 Year Factory Warranty Standard, Optional 3 Year Factory Warranty available.

Note: Hard Drives and some tapes are not reusable after having been erased with the HD-3WXL.
